

Warm-up:

Graph the following functions. State the period, domain and range.

1.  $y = 2\sec(\theta + 40^\circ) - 2$

---

---

---

---

---

---

---

---

2.  $y = -\csc\left(\frac{x}{2} - \frac{\pi}{4}\right)$

---

---

---

---

---

---

---

---
